PART A: FACTS ABOUT COMPETITION & EXHIBITION

The International Invention & Innovation in Dentistry Exhibition is an exhibition of new and innovative products and concepts developed for oral healthcare.

The oral healthcare landscape is ever changing, and it needs new and innovative solutions more than ever. The continuous demand for improved quality treatment and prevention, efficient service and improved prognosis and outcomes requires the dental industry to be proactive in accelerating inventions and innovations for the betterment of oral health care.

Through this exhibition, inventors, innovators and designers will have the opportunity to present their work to the public and network with potential collaborators and business partners/investors in the oral healthcare sector
